Coventry City Council

www.coventry.gov.uk/arts

Coventry Artspace* is currently providing the Arts Development Service on behalf of Coventry City Council. Artspace has a team of well placed and experienced arts professionals dedicated to delivering the following services:

- **Implementing the City Council's Strategic Arts Policy** which outlines the Council's vision for the arts and their priorities – this includes supporting specific projects which meet the Council's Arts Policy aims.
- **Managing the Small Arts Grant scheme** – a rolling, bi-monthly grant scheme to support high quality arts projects in Coventry.
- **Advice, guidance, support and advocacy** – relating to creative practice and projects. Examples of support can include access to resources and practical information, supporting external funding applications or advocating on behalf of a creative project.
- **Signposting** – Making links between individuals, organisations and opportunities across the City and sub-region through online and networking opportunities.

To find out more about Arts Development Services and how they can support your project visit **www.coventry.gov.uk/arts**

*Coventry Artspace is a physical and project based space for art and registered charity. For more information visit **www.coventry-artspace.co.uk**
